THE CONSTITUTION."

The undersigned having purchased the materials of the Spectator, will issue, on or before the 10th inst. the first number of a new paper to be called "The Constitution." It will be devoted to the steady advocacy of that system of measures which will preserve unimpaired the sacred instrument from which we borrow the name; and as constantly opposes whatever is not spectioned by it. which will preserve unimpaired the saction which we borrow the name; and as constantly oppose whatever is not sanctioned by it. We shall unceasingly oppose a National Bank—a Pretective Tariff—Internal Improvement by the General Government—a Distribution of the Proceeds of the sales of the Public Lands—Assumption of the State Debts—an abrogation of the Executive Veto, as unconstitutional and inexpedient.

We hope to make the paper worthy of the confidence and support of the Democratic party. It shall be the faithful expositor of their principles, and the ever ready medium to convey their sentiments and wishes to the public. The Democratic cause, is the cause of troth and justice. It courts the light. It shuns no investigation. And we are determined to see whether a paper, conducted with a devotion to the principles, rather than to the men, of our party—to further the great cause of human progress, rather than the mere advancement of particular individuals, will not commend itself to the confidence and favor of thepeople.

As soon as the all engrossing topics of the elections are over, we shall devote a liberal portion of our commend is subjects of energed ligrature and science.
